

■ Flutter Device Launch Commands (Daily Terminal Reference)

1■■ iPhone 16 Plus (iOS Simulator)

```
# Open iOS Simulator
open -a Simulator

# Boot iPhone 16 Plus directly
xcrun simctl boot "iPhone 16 Plus"
```

2■■ Google Pixel 9 Pro (Android Emulator)

```
# Start Android emulator (AVD name = Pixel_9_Pro)
emulator -avd Pixel_9_Pro

# List available Android Virtual Devices
emulator -list-avds
```

3■■ Chrome (Web)

```
# Run Flutter web app
flutter run -d chrome

# Open Chrome manually
open -a "Google Chrome"
```

4■■ macOS (Desktop App)

```
# Run Flutter desktop app
flutter run -d macos

# Open Finder/Desktop
open -a Finder
```

■ Bonus: List all devices

```
# Show all connected / booted devices
flutter devices
```

■■ Run Flutter app on a specific device

```
flutter run -d "iPhone 16 Plus"
flutter run -d "macos"
flutter run -d "chrome"
flutter run -d "Pixel_9_Pro"
```

```
■ Direct Run for Folder
  cd currency_converter
    flutter run
```
